

your very own cloud

VPS, BETTER IN THE CLOUD

When your company needs a Virtual Private Server, why not go with a VPS in the Cloud solution and give your VPS all the benefits that cloud computing can offer? When looking for a VPS in the Cloud solution, why not go with the company that is the best in the business when it comes to Cloud solutions?

The CtrlS VPS solution offers you the kind of scalability, power, robustness and control that is only possible with the cloud. Whether you are looking for a single server or a robust, load balanced solution, for everything from websites to applications in the cloud, we have the solution for you and at prices that start much lower than you thought possible.

HOW IT WORKS

HARDWARE IS NO LONGER AN ISSUE

Even if you go for just a single machine plan, with our VPS in the cloud solution, your Virtual Server is moved to another machine instantly in the case of hardware issues so that your VPS never goes down and your business can keep running without a hiccup.

READY TO GO

Select the plan that suits your needs best and fits your budget perfectly and sign up with us. Within just a few minutes, you receive your welcome email with the login details. Get your virtual private server up and running within less than half an hour, with CtrlS.

SCALE UP IN A FLASH

No matter how fast your business grows and how quickly the demands on your VPS solution increase, with our Cloud solution, you can scale your order up instantly and add virtual private servers to cope with your needs in a matter of minutes.

YOU'RE IN CONTROL

With our virtualisation platform you can do more than just start and stop virtual servers over the internet. Perform repairs and upgrades all within a single window, use one of our 15 hosting control panels for the easiest management and administration of your websites and servers, that you could imagine.

PAY AS YOU LIKE

Choose a payment plan that works best for your business. We offer monthly, quarterly, semi annual and annual payment plans. A completely automated billing system means that there is never a billing issue and as great as our deals are, we offer further discounts on up-front payments for long term commitments.

YOU'RE IN GOOD COMPANY

Dinesh Kumar
Executive Director, NTPC

I would like to thank the entire team for making the DR drill test. The drill was successful and we managed the changeover with minimum downtime and zero data loss.

Bharti Lele
Head – Innovation Labs, L&T Infotech

We were up and running in no time. Excellent support.

Jai Prakash Dwivedi
CIO, RGCIL

We chose CtrlS because they own and understand this space.
